ROPE DEFENDER
PANGOLIN
Xmonster

High Wear Resistance:
Endures over 50,000 abrasion cycles (Orange Fabric) and ≥100,000 cycles (Black Fabric), according to ISO standards.

Lightweight Design:
Weighs just 870 grams, ensuring easy handling and transportation.

Dual-Surface Functionality:
Smooth Fabric Side: Allows for unobstructed rope movement. Friction Fabric Side: Provides improved grip to prevent slippage.

Visibility and Safety:
Features bright colors and a 3M reflective strip to ensure high visibility in low light conditions.

High resilience:
After 80,000 repeated compression tests, it still maintains a high recovery rate of 95%.
